ORDERING REPEAT PRESCRIPTIONS

If the doctor has decided that there are medicines which you need to take regularly – these are known as "Repeat Prescriptions". These can be ordered in a number of ways and you do not need to see the doctor each time.

If your **Medication Review** is due in the next 28 days then you will need to make an appointment with the GP to review your medicines, before your prescription can be issued.

Repeat prescriptions will not be processed until 2 working days before they are due.
